Dr. William Reiner-Deutsch 1898 - 1981

The Society for Czechoslovak Philately lost an old and esteemed honorary member when Dr. William Reiner-Deutsch died on August 4, 1981. He had served as President of our Society from early 1941 until he entered the US Army in December 1942. Dr. Reiner-Deutsch was editor of the Czechoslovak Specialist during the late fifties and sixties. His work in maintaining the high standards of our journal with emphasis on postal history have brought Dr. Reiner-Deutsch and the Society numerous honors in philatelic journalism. He was instrumental in having many important philatelic works translated into English for publication in the Czechoslovak Specialist and other U.S. publications.

Dr. Reiner-Deutsch was born in Slovakia, at that time a part of the Austro-Hungarian Empire, on March 13, 1898. He served as an officer in the Imperial and Royal Austrian Army during World War I and came to the United States shortly after the War. During World War II he reached the rank of colonel in the US Army, running an army hospital near Nancy, France.

Will's philatelic interests centered on postal history. He was Treasurer of the Postal History Society at the time of his death, having previously served as President from 1962 to 1964. He was associate editor of the Postal History Journal and wrote many articles for that publication.

He was an APS accredited judge in several areas, including Czechoslovakia. His efforts on behalf of proper recognition of postal history as a field in international competition are well-known, and he was honored with one of the highest awards in the field of postal history when he received the Nugent-Clougher Medal of the Postal History Society of Great Britain in 1976. He was also an active member of the War Cover Club, the American Philatelic Society and the International Society of Philatelic Journalists.

Dr. Reiner-Deutsch will be sorely missed on the philatelic scene, most especially by those collectors and writers in postal history.

The Society wishes to express its sincere sympathy to his wife, Regina, a former member of the Society, and to the other members of his family.

FROM THE PRESIDENT'S STOCK BOOK

Since this issue looks quite different from those we have regularly published for more than forty years - we really should explain.

This issue is printed by the photo-offset process and shot directly from camera-ready copy. This differs from our previous practice of having the Specialist type-set by the printer and then offset printed. The latter process is of course far easier on your editorial board, since once the Specialist is rough typed and edited, all that remains for us to do is paste the galley proofs into a dummy format, and the printer does the rest. Camera-ready copy, on-the-other-hand, takes many hours of labor on a word processor. We are limited to one-size type. This issue is also being mailed by us rather than by the printer, using "handmade" labels.

Having just put this issue "to bed", we have mixed feelings as to how good an idea this was. We think it could save between \$1,500 and \$2,000 per year in cost, if all 10 issues were produced this way.

The present issue is merely an experiment. The next, i.e., the November issue will again be produced by our regular process. We hope to have gained some experience publishing the present issue in this manner so as to determine the actual savings achieved. We will then consider the sacrifice in quality, the willingness of our editorial board members to do the "dog work", and most importantly, YOUR comments, which we hope will be in our hands before too long.

There are a number of options which are available to us without materially reducing quantity or quality of our publication. We may, in 1982, return to our earlier production method if our dues increase does not adversely affect our membership - and we are optimistic in that respect. On the other hand, we shall be prepared to balance our budget, if necessary, by publishing several or even all our future issues by the cheaper process.

This decision will be made at the Society's next Board meeting, which will take place in January 1982. Based on our most recent (July) meeting, at which the decision to conduct this "experiment" was made, I'd like to assure our membership that we will solve the problem of increased publication costs quickly and responsibly. I personally feel that we have never had a stronger and more dynamic group of Directors to preserve the financial viability of our Society and insure its future growth.

NEW ISSUES

On 10 March 1981, the Federal Ministry of Posts and Telecommunications of Czechoslovakia issued a set of eight commemorative stamps entitled "Anniversaries of Notable Persons". The name itself indicates that these are stamps dedicated to outstanding people, prominent personalities of Czechoslovakia and other nations, whose various anniversaries are being celebrated this year.

The set is the work of two leading Czechoslovak artists. The four stamps with face value of 50 h were designed by the Slovak artist Jozef Balaz of Bratislava and the four with face value of 1 Kcs by the Czech artist Prof. Karel Svolinsky, National Artist of Prague, who will be 85 this year and is still going strong. Both artists have been contributing to Czechoslovak stamp design for many years past (Prof. Svolinsky has more to his credit than any other artist). Besides the stamps they also designed the First Day Covers (two each) issued with the set.

Let us now take a closer look at the stamps themselves. The first is dedicated to the 80th anniversary of the birth of Jan Sverma (1901 - 1944), who took part in the Slovak National Uprising and ended up giving his life for it. The cachet on the First Day Cover that goes with this stamp shows a group of partisans who fought in the uprising.

The second stamp is dedicated to the 100th anniversary of the birth of the Slovak composer Mikulas Schneider-Travsky (1881 - 1938), awarded the title of National Artist for his outstanding symphonic, chamber, vocal, and choir music and his sensitive folk song arrangements.

The third stamp commemorates the 100th anniversary of the birth of Juraj Hronec (1881 - 1908), architect and civil engineer who built many edifices in Prague.

The second, third, and fourth stamps share a single First Day Cover with cachet showing a musical instrument (the cello), a musical score, and a seal.

The fifth stamp, with face value of 1 Kcs, is dedicated to the famous Russian composer Dmitri Shostakovich, National Artist of the USSR (1906 - 1975) who would have celebrated his 75th birthday this year. Dmitri Shostakovich is known throughout the world as a composer of operas, symphonies, piano music, chamber music, incidental music and film scores.

The sixth stamp honors the 125th anniversary of the birth of George Bernard Shaw (1856 - 1950) the British dramatist born in Ireland and noted for his numerous books and plays and particularly for his incisive mind, humor, irony, and satire and excellent knowledge of people and their environment.

The seventh stamp is dedicated to Bernardo Bolzano (1781 - 1848) and commemorates the 200th anniversary of his birth, likewise on UNESCO's list of memorable anniversaries for this year. Bernardo Bolzano was a professor of theology at Charles University in Prague, but over and above that this Czech scientist was a mathematician, logician, and philosopher.

The eighth and last stamp of the set is dedicated to the composer Wolfgang Amadeus Mozart (1756 - 1791), born 225 years ago. The music composed during his brief life gave much joy to his contemporaries as well as to later generations. Prague loved him and it was Prague that Mozart chose for the premiere of Don Giovanni after the triumphal success of his opera "The Marriage of Figaro" in that same city.

The third First Day Cover issued with this set is dedicated to D. Shostakovich and W. A. Mozart and the fourth to G. B. Shaw and B. Bolzano.
