POSTAL STATIONERY FORERUNNERS FROM THE CARPATHO-UKRAINE DISTRICT OF THE USSR

(by Miroslav Blaha. Translated by H. Hahn, S.C.P.)

As a result of my publications in *Filatelie* (66/19-21, 72/15-17) concerning postal service in the territory of the Carpatho-Ukraine, I have received a series of questions concerning postal stationery. To begin with, there is no literature concerning the postal stationery of this district. From the period prior to 1919 until the annexation of this district to the Czechoslovak Republic, only Hungarian postal stationery items with Hungarian texts, were in use. In fact, the first postal stationery items which refer to the country below the Carpathian mountains are picture post cards issued on the occasion of the millenium of

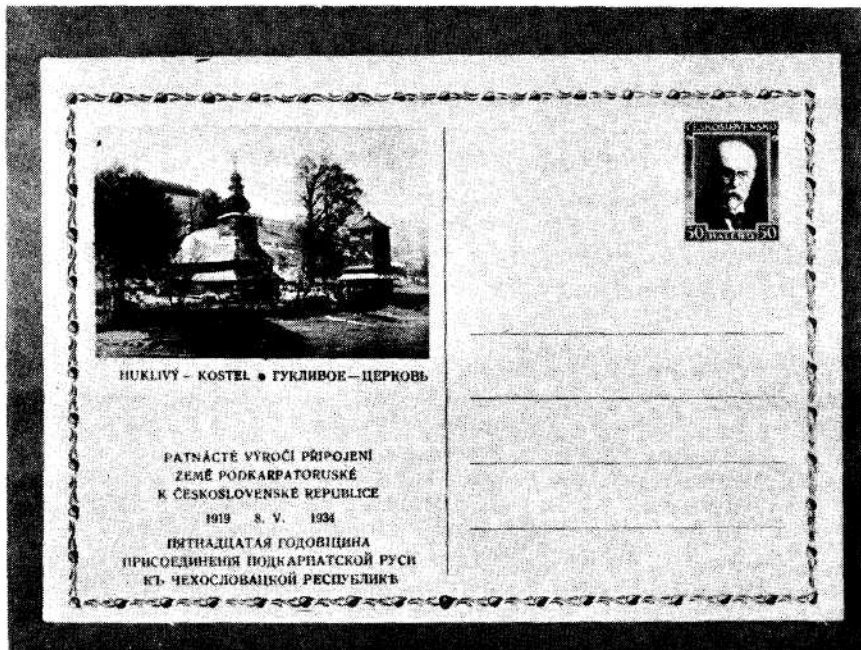

Figure 1

Hungary in 1896. Two of these picture the entry of the revolutionary Francis Rakoczy to Mukacevo:

1. The address side brown 2f., small letter in seal
2. Address side in red, 5f., small letter in seal for use abroad

During the period 1918 to 1938 the region of the Carpatho-Ukraine was featured more frequently, once by means of one independent picture set and later by several issues. (For easier orientation, I shall use the numbering of the Specialized Handbook by L. Novotny. See also Monograph of Czechoslovak Stamps, Vol. 3).

June 1st 1934. The 15th anniversary of the annexation of Carpatho-Ukraine to the Czechoslovak Republic in 1919
-May 8th - 1934 (text in Czech and Russian).

Novotony #51, 50 h dark green recess printed, cream yellow paper, two types:

1. Russian girl from Nevicke
2. Jasina-Huculove,
3. Huklivy-Church (Fig. 1),
4. Cernicky Monastery near Mukacevo-Castle (Fig. 2)
5. Palanok,
6. Repinne,
7. Uzhorod,
8. Uzhorod-Cathedral

1935. Spas and historic places in Czechoslovakia. Print and paper same as previous set; Titles Czech-Russian, somewhat heavier. Number 14 of Novotony #59 set, 50 h green Uzhorod.

1936 same issue as in previous year, only texts in Czech-Russian; lighter print.

Number 13 of Novotony #59 set, 50 h green Huklivy

Changes of address to the editorial office.

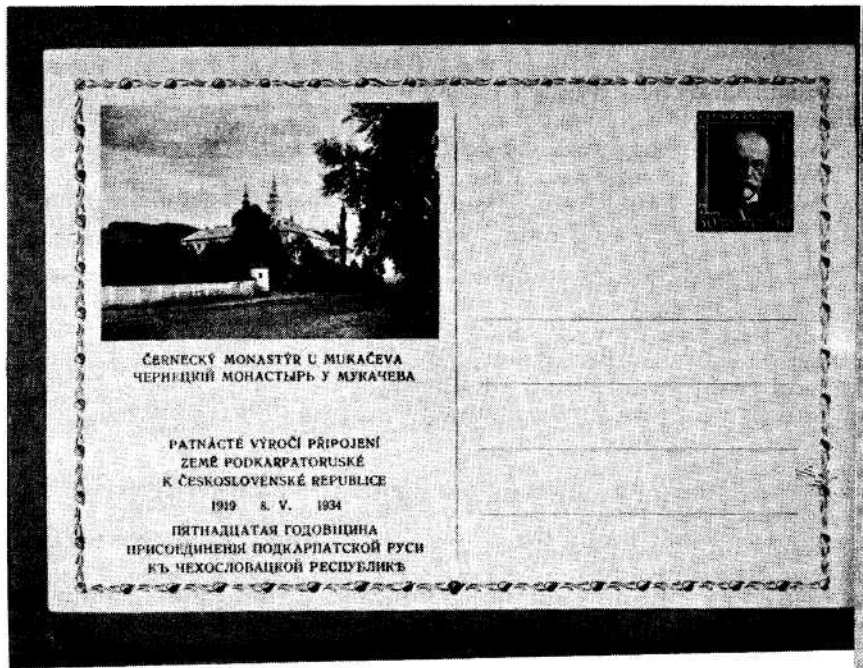

Figure 2

Number 54 of same set, 50 h green Uzhorod.

1937. "Meet Your Country". Print and paper same as previous set. Titles only in Czech. Of this 192 subject set, Novotony #65, the following pertain to the district of the Carpatho-Ukraine:

301-50 h dark green Uzhorod; 302-50 h olive green Uzhorod, 303-50 h olive green Huklivy; 304-5 h olive green Jasina; 305-50 h olive green Uzok.

Thus, in the period between 1918 and 1938 sixteen basic items of postal stationery with the motive of the territory were issued. All postal items (with very few exceptions) that were used had Slovak rather than Czech or Ruthenian texts, as is thought to be the case by many collectors. For the contemplated meeting of the assembly of the Carpatho-Ukraine which was to take place on March 3, 1939 three types of picture envelopes and four types of post cards were issued. In a strict sense these were not postal stationery items but merely printed matter items used by the post office. (This has previously been discussed in the journal *Filatelie*).

After the occupation of the entire territory of the Carpatho-Ukraine by the Hungarian Army, Czech postal stationery items were tolerated up to the end of April 1939. These were either used as printed or additionally franked. However, almost immediately after the occupation, i.e., after March 18, 1939, the post offices received both Hungarian stamps and postal stationery.

Since even after the annexation of the so-called Karpatalja to Hungary there was guaranteed language autonomy, in the period from 1939 to 1943 postal stationery items as well as postal printed matter which was bilingual were printed in Budapest. However, most of the postal stationery used had only the Hungarian text.

The basic texts of the bilingual items were as follows:

Recess printing on cream colored paper, color of printing light to dark green-Turul with Eagle with the printed selling price and the text: LEVELEZOLAP and in the second line (in Cyrillic) POSHTOVA KARTOCHKA. All printing, including "sender," in Hungarian and Ukrainian.

1. 1939 postal stationery 6f - as described above.
2. 1943 postal stationery 8f.
3. 1939 postal stationery 10f (most common postally used),
4. 1941 - postal stationery 12f.

Note: Although the bilingual postal stationery items were issued for use in the Carpatho-Ukraine, they were valid throughout Hungary.

A new and separate epoch consists of postal stationery which was issued for the Carpatho-Ukraine and then overprinted locally for use after liberation by the Soviet Army. (For details see Filatelie 72/15-17. "Two Official Overprints on the Territory of the Carpatho-Ukraine District of the Soviet Union").

I. Chust Group

Postal stationery items issued by order of the representative of the London Exile Government.

December 1944. Two-line hand overprint CSP-1944. (Same overprinting device as used for stamps).

1. Post cards 18f-dark green printing on cream yellow paper. Turul with Crown, text only in Hungarian. Total printing: 16,000 post cards, of which a large fraction were overprinted further in Uzhorod, Mukacevo and Berehovo.

2. Letter cards, 30f brick red printing on green-gray paper. Turul with crown with a title ZART LEVELEZOLAP using the same overprint as in above postal stationery. Total issue: 244 letter cards. These letter cards were not overprinted further, and the entire issue was used in Chust.

3. Postal reply cards 18 + 18f, otherwise as in 1. above. Total issued; 180 cards. Nearly the entire issue was overprinted further in Mukacevo where it was used up.

4. In addition to these officially issued postal stationery items, field post cards of the Hungarian type in pink (for use from home to the front) were prepared in small numbers by means of a horizontal hand overprint having three lines bearing the texts; Ceskoslovenska Posta-18f.

For identical use, a typographed overprint was substituted in Chust which had an improved appearance in comparison with the above mentioned hand overprint. However the entire issue was forwarded for further overprinting by order of the National Committee for the Carpatho-Ukraine, in the beginning of March 1945. This printing is supposedly two thousand cards.

In addition there were also overprinted several tens of reply cards of value 12 + 12f. These are only known with the additional, i.e., Mukacevo, overprint and were never officially issued in Chust.

II. Uzhorod Group

Postal stationery was issued by order of the National Committee of the Carpatho-Ukraine. For the overprinting of the Hungarian supplies of post cards and letter cards from Chust in March and as late as April 1944, there was a three-line overprint reading: POSHTA ZAKARPATS'KA UKRAINA. For the typographed issue produced in the State Printing Plant in Uzhorod the die of the IV & h type of the 1st issue was used. The printing was in black with a new value of 40f.

1. 40 on 80f. The above overprint without further overprinting. Very small issue used only for trial purposes.

2. 40 on 18f with elimination of the entire Hungarian text i.e., instead of "LEVELEZOLAP/OTKRYTKA" and instead of "Felado Posilotel" (Figure 3).

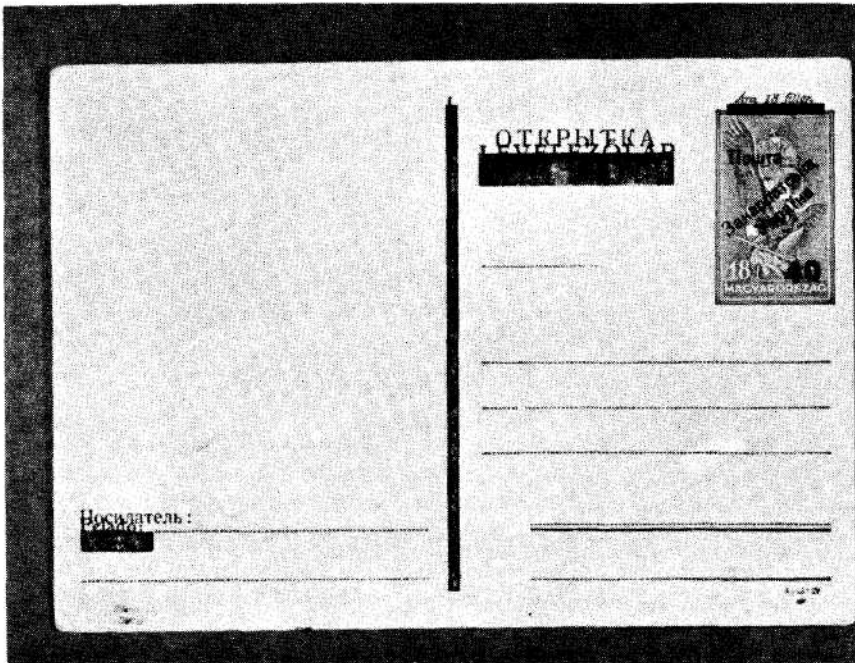

Figure 3

3. 40 on 18f as in above letter card, differing only in that it was applied on a large number of letter cards which already bore the overprint CSP 1944 of Chust. Entire issue; 4,000 to 5,000 cards. This is an unofficial estimate made in Uzhorod. (Figure 4).

III. Mukacevo Group

A. Local overprint produced by order of the Representative of the Czechoslovak Exile Government. December 1944.

1. 18f black, hand overprint on letter card with the initial CSR without further overprinting.

2. 16f Tihany from the Hungary picture set no. 11. Print in violet with black, hand overprint CSR. On the letter card there is usually an added franking of 8f of the Crown Issue, overprinted with the same hand device reading CSR.

3. This overprint appeared singularly on a postal money order. The issues of the above three postal stationery items are insignificantly small and are generally unknown.

B. Postal stationery items produced on order of the National Council of the Carpatho Ukrainian territory from April up to May 1945. The overprints were produced by typography at the state printing plant in Mukacevo in black and red-orange and consist of two lines with the texts: ZAKARPATS'KA UKRAINA printed at an angle of 60° with horizontally given value of -.40 or 1.-. The Hungarian texts are covered with the appropriate color of the overprint. "Felado" (sender) is substituted with the overprint in Russian reading OT-PRAVITEL. Several types of cards were used which have been described above. The size of the official issue has not been published but is believed to be extremely low.

Figure 4

1. 40 on 18f black overprint ZAKARP. UKRAINA. Turul with Eagle (green.)
 2. 40 on 18 f black overprint Z. UKRAINA over the hand overprint CSR 1944. (green)
 3. 1.- on 18f red, overprint Z. UKRAINA (green)
 4. 1.- on 18f red, overprint Z. UKRAINA on hand overprint (green)
 5. 1.- on 18f + 18f reply cards green, the two parts separated, with red overprint ZAKARPATS'KA UKRAINA (Figure 5)
 6. -.40 on 12f, black overprint ZAKARPATS'KA UKRAINA. Imprinted stamp Turul and crown, red-brown.
 7. 1.- on 12f + 12f reply card (red-brown), the two parts separated, occasionally also overprinted CSP 1944 (see Chust Group). Trials and combinations of overprints appear rarely, and where found, are usually items produced for philatelic purposes or stolen from the printing plant.
- Because of the shortage of post cards, the individual who took over the postal authority (Langfelder) placed in service the Field Post Cards which were stored for the use of the Hungarian Army. These were of both types: home to front and front to home. The majority of them, approximately 7000, were the green-brown front to home, and 2000 were the pink home to front. Included in the second group were largely remainders from Chust.
8. -.40 on field post card, gray-green (Figure 6)
 9. -.40 on field post card, pink
 10. -.40 on field post card overprinted CESKOSLOVENSKA POSTA Z CHUSTU

IV. Berehovo Group

Overprinting was carried out by order of the National Council for the Carpatho-Ukraine at the State Printing Plant in Berehovo in April 1945. The overprint is in two lines printed letter-pressing the Russian text ZAKARPATS'KA UKRAINA. The inclination of the overprint is 82°. The

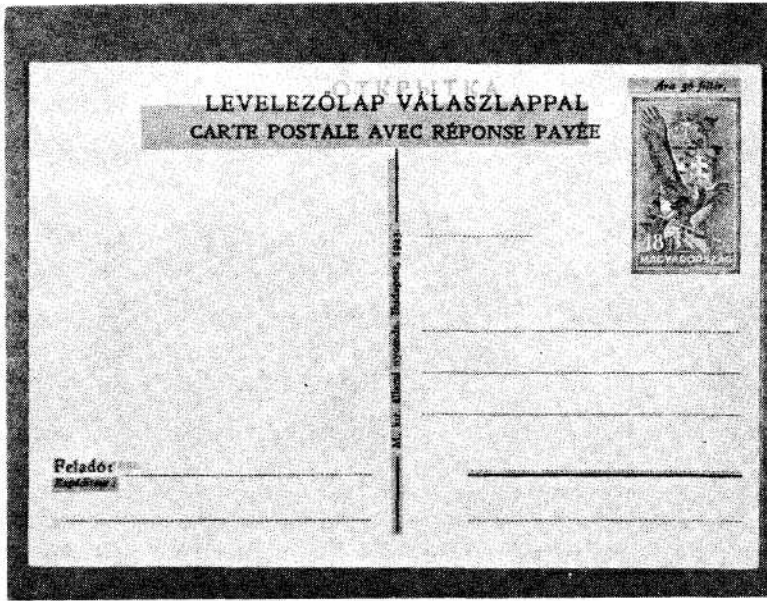

Figure 5

denomination “-.40” was applied in thinner print horizontally. “Feladó” (sender) has been replaced by the Russian word OTRAVITEL. Also the Hungarian word LEVELEZOLAP is replaced by the Russian OTKRYTKA. The Hungarian texts are blacked over. Cards which had previously been hand-overprinted in Chust were also used here. They bear the overprint CSP 1944.

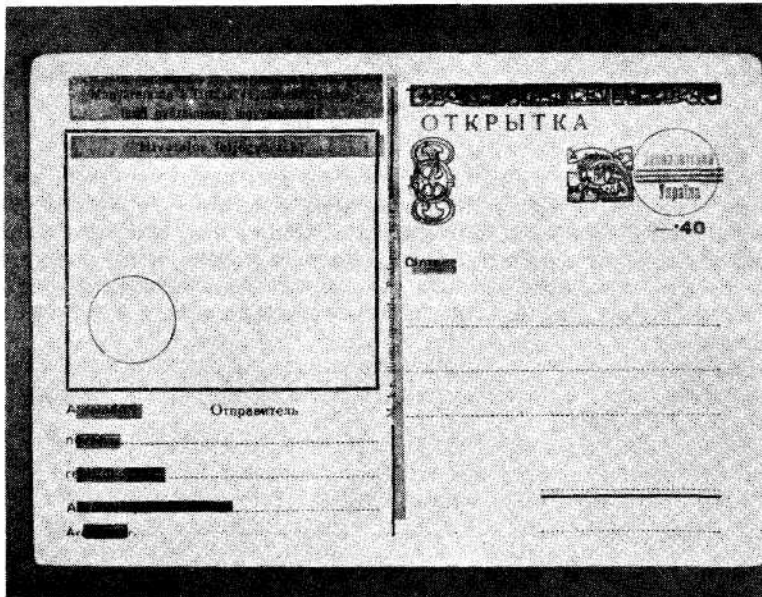

Figure 6

1. -.40 on 18f red, overprint ZAKARPATS'KA UKRAINA (green)
2. -.40 on 18f, black overprint over the hand-overprint CSP 1944 (Figure 7).

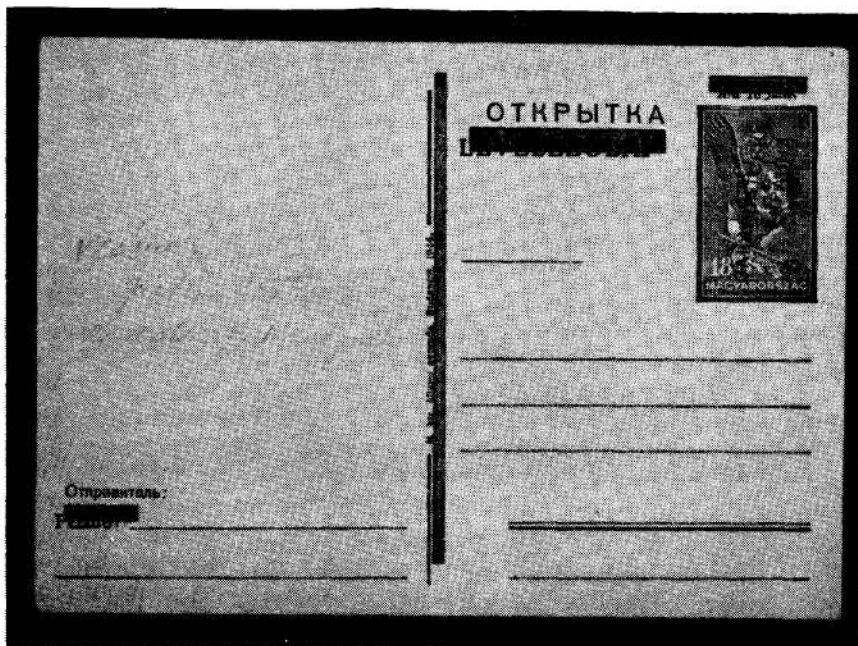

Figure 7

The quantities printed were not officially published, but they are small.

The valuation (pricing) of all of the above postal stationery items is a matter of preference (Liebhaberpreis) since no authoritative point count system exists. The unused items are more common, although the cards were valid through November 15, 1945. As is known, that date marked the beginning of the Soviet Administration, which brought with it new postal stationery and new currency. This new period is also philatelically interesting. Picture postal stationery as well as view cards with imprinted stamps have been issued bearing motives of the Transcarpathian Region. I know of 67 such items, though this is by no means a final count since the practice is being continued by the Postal Ministry in Moscow. The text on the Soviet postal stationery is in Russian and Ukrainian.

In conclusion I request that readers kindly provide corrections and additions to this article, and if possible submit reference concerning the four groups of postal stationery described.

M. Blaha, 78901 Zabreh, CSSR (Editor's note: Readers of the Specialist may submit the sort of material requested by the author to D. Riccio, 235 W. 76th Street, New York, NY 10023, who will collect it for transmission to Mr. Blaha).

NEW BOARD OF DIRECTORS MEETS

by Jaroslav J. Verner, S.C.P.

Saturday, February 13, saw the first meeting of the new Board of Directors of the Society. Proceeded by lunch courtesy of Marilyn Hahn, and trips to both airports to pick up members arriving for the weekend, the meeting was called to order by President Henry Hahn. The next five hours included multiple cups of coffee, detailed discussion of the many problems facing the Society and, from time to time, even emotional clashes of will over how best to move to resolve those problems.

After welcoming the new members of the Board, Henry Hahn warmly thanked Charles Collins, George Koplowitz, Richard Major, Ed Sabol, Joe Stein and Jane Sterba, the members of the Board whose terms had expired, for their dedicated efforts on behalf of the Society and hoped that the new Board could do as well. The first new business was to elect new officers for the Society. Henry Hahn was re-elected as President, Jaroslav Verner was elected Vice President, Ed Lisy Secretary and Lou Svoboda Treasurer. Charles Collins will continue to serve as Treasurer for an additional six months per the By-Laws, but all other officers assumed their duties immediately. There was discussion of who the President would appoint to take on the Editorship and how he might be helped with this difficult change. While no decisions were made, it was the sense of the meeting that every effort should be made to expand the territorial representation on the Editorial Board. It was hoped that this would make more extensive use of the talent of our many members in the production of our journal.

Additional appointments made by the President were: Wolfgang Fritzsche as Sales and Circuit manager; Jay Carrigan as Librarian; Ed Lehecka as Expertizing Chairman and liaison with the A.P.S. Expertizing Committee; Paul Sutman and Lou Svoboda were appointed as the Auditing Committee with instructions to finish their report before the turnover of the treasurer's function later this year.

Central to all the problems the Society faces is money, or rather the lack of it, as costs for production and distribution of the Specialist continue to rise sharply. The Board considered many proposals for possible ways of raising money for the Society, including exploring the possibility of gaining tax exempt status in the hope of attracting contributions from new sources. Cost cutting, a tighter control over the number of copies of the Specialist sent to members in arrears with their dues, recruiting new members, and most importantly, insuring that members pay their dues promptly were all considered. Based on the Treasurer's report, it seems that a good part of the financial problems arise from the fact that too many members are taking a free ride by paying their dues very late or not at all. There are even members who have yet to pay their dues for 1981! More on that subject below. The Board considered the question of the printer for the Specialist and decided to stay with the current printer for the present, assuming that some minor technical problems can be worked out satisfactorily. The Board found that one great advantage with the current arrangement is that

the printer is located in the Washington area. This has become important because many of the services formerly supplied by the printer have been taken over by several of the Washington area members in an effort to cut costs to the bone.

A related aspect of the membership issue is the situation we find with non-payment or late payment of dues by some of our current members. In the past it has been possible to "carry" members until it was convenient for them to pay their dues, but unfortunately escalating costs call for Draconian measures. The Board decided that we can no longer carry members who do not pay their dues. As a consequence, all members who have not paid their dues by the time this issue is mailed will find a red mark on their copy of the Specialist as well as a return envelope in which to send their remittances. We sincerely hope that all members who have neglected to pay their dues for 1982 will do so immediately. *With regret the Board decided that those members whose dues are in arrears will not be mailed any more issues of the Specialist after the March issue until their accounts are brought current.* We all regret the need for such a decision, but no choice is left to the Board.

The other side of the coin is that considerable activities are planned during the next year, and a multitude of services continue to be available to the membership. The Board has every intention of continuing all current membership services. Henry Hahn has announced that a new shipment of books have been received. What is available will be announced in the Specialist as soon as an inventory is completed. The annual exhibit and convention this year will be held at SEPAD, October 8-10. A separate report on this event is to be found elsewhere in this issue. Fred Hefer reported to the board on his recent visit to Czechoslovakia where he met with Ladislav Dvoracek, President of FIP and the Union of Czechoslovak Philatelists. Dvoracek indicated interest in having members of our Society exhibiting in the large national exhibit planned for Brno in 1983. The Board agreed to contact Dvoracek to determine the conditions for exhibiting. We will advise our members as soon as the necessary information is received.

Finally the publication of the 15-year Index of the Specialist is near. The Board was informed that the text has been typed and proofread. Currently final corrections are in train. It was decided that ads would be solicited from potential advertisers and members would be asked to make contributions in honor of our past President William Reiner-Deutsch towards the cost of publication of the Index. The Index will be sold to members at a nominal rate that will be set to cover the balance of the cost.

During the evening the Board was hosted by the Hahns at their home and had the opportunity to "talk stamps" with members from the Washington area. The only program during this social evening was a short color film on Praga 78 which had been received a few days earlier from Prague by the Czechoslovak Embassy. Fortunately for some of us, several of the out of town members were able to stay over for the better part of Sunday and congregated at the Verners for swapping and comparing information on some of the finer points of our hobby. The members of the Board wish to thank all who helped in the various events, especially our ladies who did so much work and added a delightful dimension to the social activities during the weekend.

One of the issues of most concern to the Board, and an issue that took up a great deal of discussion time, was the issue of gaining new members and retaining the membership we have. Various steps were suggested that could be taken to identify collectors interested and recruit them for the Society. Needless to say one of the most useful approaches to this problem is active recruiting of new members by our general membership. We urge you all to help in this effort.

NEW MEMBERS

1336 - ALEVIZOS, George, 2716 Ocean Park Blvd., Suite 1020, Santa Monica, CA 90405

1337 - NEUSCHL, Vladimir, 4501 Connecticut Ave., NW, Washington, DC 20008

1338 - CRIMMINS, Joseph J. (address unlisted)

1339 - COX, Patsy A., 1817 Linwood St., Temple, TX 76502

1340 - KOWAL, Jan S., 745 Howard Road, Chelsea, MI 48118

FROM THE PRESIDENT'S STOCK BOOK

by Henry Hahn

Elsewhere in this issue there appears coverage of our recent Board meeting, which was well attended, productive, and a bit stormy. (The last may be the understatement of the year.) I wish to thank the outgoing efforts of the Society, Dick Major (Vice President), Ed Sabol (Secretary), and Chuck Collins (Treasurer), as well as the other outgoing directors, Joe Stein and Jane Sterba, for four years of excellent service to our Society and hence to our hobby. I personally am much indebted to them for their valuable advice and support during a rather trying period in which we, not unlike many other philatelic organizations, have had to take some stern measures to insure continued viability and growth. The same appreciation extends to the four directors who will serve two more years: Ed Lehecka, Dom Riccio, Lou Svoboda, and Mirko Vondra.

A hearty welcome to the Board is extended to Charley Chesloe, Fred Hefer, and Paul Sturman as well as to our newly elected officers, Jerry Verner (Vice President), Ed Lisy (Secretary), and Lou Svoboda (Treasurer). Lastly, let me thank this new and "tough" Board for their willingness to let me serve the Society as "Prexy" for another term. A special "thanks" goes to Dick Major, who has agreed to accept the post of SPECIALIST Editor; Wolfgang Fritzsche, who will continue to serve as Circuit Manager; Jay Carrigan, who will continue as Librarian; Ed Lehecka, who will continue as Expertising Chairman; and to all others who have or will generously give of their time and energy to help our members get more from our philatelic pursuits.

Mail has been a bit slow - but plentiful. On the slow side, we have just heard from Jane Sterba that the January issue arrived in the Chicago area *after* the February issue!

On a sad note, we much belatedly wish to express our condolences to Mrs. Alfreda Pearson and her family on the passing, last July 21st, of George Pearson, Life President and Founder member of the Czechoslovak Philatelic Society

of Great Britain. Mrs. Kay Goodman, his successor as head of the (British) Society, remembered Mr. Pearson best for his "unrivalled" knowledge of Czechoslovak Philately and his immense contribution to (their) Society. He was a member of our Society as well and, according to Mrs. Pearson's recent letter, always looked forward to receiving the SPECIALIST. He will be missed on both sides of the ocean.

Responding to our request for identification of some of the older generation of Prague collectors pictured in the 1937 photograph published in last month's SPECIALIST, member Joseph C. Pick of Stamford, Conn., writes that the gentleman in the second row, first seat to the right of the aisle, is the well-known authority on Austrian Empire issues and stamp dealer, Felix Brunner. Felix Brunner was born in Brno in 1893 and pursued a textile career until WWI. In 1922 he became a stamp dealer in Prague. As a collector, Felix Brunner gained prominence for his showing of rare Austrian cancellations at WIPA 1933 and in Paris in 1937, where in both instances he won a "gold". A refugee from Nazism, he arrived in 1938 and continued his stamp business activities from an office at 505 Fifth Avenue in New York City. A prolific writer and frequent exhibitor until his untimely death in 1950, Felix Brunner is listed as member #55 of our Society.

We thank our friend, Joseph Pick, for this keen observation. Mr. Pick also writes that he is too busy pursuing his many hobbies to pay much attention to his blessed age of 90. Other material on Felix Brunner, including copies of interesting correspondence, provided by Mr. Pick, have been placed in the Society's library.

RICHARD GREEN APPOINTED SEPAD CHAIRMAN

by Dominick Riccio, SCP

SCP member Richard Green was appointed chairman of the Society's 1982 annual meeting, which will be held at SEPAD in Philadelphia. The dates of this fine show and exhibition will be October 8-10. Plan NOW to attend.

Mr. Green, who is an International Award-winning exhibitor, is also a member of the Austrian Society and will act as chairman of that society's activities as well. This year, the SCP will engage in a joint exhibition and curriculum with the Austria Society, and the theme of speakers and some exhibits will be the Austro-Hungarian Empire, especially as it relates to Czechoslovakia. As in past years, an awards brunch, a board meeting, a hospitality table, and perhaps an auction are being planned.

All members who are interested in exhibiting and/or attending this excellent show should address their inquiries to Mr. Richard Green at the following address:

Mr. Richard Green
S.C.P. SEPAD CHAIRMAN
120 East Cedar Street
Livingston, New Jersey 07039

66TH MAIL SALE

SALES DEPARTMENT

During 1981 we were able to send 14 circuits on their routes. All of them had very good, specialized Czech material in it. Our members must have enjoyed these circuits as the sales have been very good indeed.

Our sales circuits help enrich and enlarge our members' collections, but the Society too benefits from them as it gets part of the commissions. At the end of 1980 we were able to give to our treasurer \$85.00 and at the end of 1981 \$75.00 commissions from circuits which were retired during those years. A circuit is on its way between 9-12 months, depending on how much time each participant needs to look over the sales books. At the end of 1981 one circuit was lost in the mail. We are very fortunate in not having lost very many; the last such loss before this was in 1979. Apparently good packaging has helped. All circuits had been fully insured, so no member lost any money from these mishaps.

I hope our members will continue sending sales books for circulation. We need stamps, postal stationery and covers.

Wolfgang Fritzsche.

**OF PRAGUE INVITES YOU TO
Collect CZECHOSLOVAK STAMPS**

And Gives You Ten Fine Reasons Why:

- 1) They'll give you a glimpse into the heart of Europe
- 2) You'll make friends with a people who, in peace, are building a new life for their country
- 3) You'll marvel at the beauty of Czechoslovakia's countryside, extolled by its artists and poets
- 4) You'll become acquainted (or reacquainted) with the old cultural tradition of the Czech and Slovak peoples
- 5) You'll learn of the characteristic fauna and flora of Central Europe
- 6) You'll keep up with the latest in Czechoslovakia's industrial and scientific development, including advanced research
- 7) You'll love their motion — like illustrations of the colorful world of sport
- 8) You'll see why Czechoslovakia has gained international recognition for its advanced techniques of stamp reproduction, harmony of color and outstanding artistry
- 9) They represent the work of their finest artists and engravers
- 10) Czechoslovakia's stamps are neither too large or small — just stamps as stamps should be!
